BranonConorEusebio

I'm a tech-savvy software developer wielding a powerful combination of skills. With a degree in behavioral neuroscience, a creative eye for stunning and ergonomic UX/UI design, and a powerful command of modern technologies to build quality interfaces and experiences, my strengths lie at the intersection of technology and people. My passion is building intuitive, efficient software that delights users and propels businesses forward.

SKILLS

Languages: HTML, CSS, Javascript

Skills/Tools: React, NodeJS, NPM, Express, MongoDB, GatsbyJS, Github/Git, UX/UI Design, Figma, CD/CI (Netlify, Heroku, etc.), RESTFUL APIs, Responsive Design, Photoshop, Illustrator, CMS Development, JAMStack, Jira/Trello, SEO, Accessibility, etc.

EXPERIENCE

May 2020 - Present

FRONT END ENGINEER III – Charter Healthcare Group

- + **UI/UX Design:** built comprehensive design system from scratch to unify user experiences and interfaces across digital platforms/product, designed new company branding including new modern logo and other design assets
- + **Software Engineering:** write quality code (JS, React, HTML, CSS, NodeJS, etc.) to build front-end solutions for company software products, implement continuous deployment / integration using modern hosting tools, manage repositories and versioning using Github/Git, etc.

Dec. 2019 - May 2020

WEB ENGINEER – TheraMind

- + Orchestrate website development and social media campaign trajectories with executive team
- + Produce design mockups and wireframes for site pages in Figma, and collaborate with UX Designer to iterate over designs with UX/UI best practices
- + Write clean, efficient code (HTML, CSS, JS) to accomplish JAMStack development goals, with version control in Git/Github and CI/CD with Netlify

Nov. 2019 - Jan. 2021

FREELANCE WEB DEVELOPER & DIGITAL MARKETER – AXN Creative

- + Maximize online presence and impact for clientele through web development, design, multi-channel digital marketing, content/copywriting, media creation, etc.

May 2017 - Dec. 2019

DIRECTOR & WEST COAST TMS COORDINATOR – TheraMind

- + Director of all office and clinic operations in the West Coast
